

ULM MOON DAYBED with woven rope parasol

By Ramon Esteve

Designed by Ramón Esteve for Vondom, the main characteristic of the Moon Daybed is its circular shape and the rotating system on which its base rests, which allows the piece to rotate on its own axis.

Articulated through two hemispheres, the base is made of rotational moulded polyethylene with the possibility of LED backlighting thanks to its allow interior, while the top is made with a polypropylene cord braid, and recently we have incorporated a new cover option: the Sunvision fabrics, a blend of high tenacity polyester PVC-coated and solution dyed acrylic for a textile feel.

This system allows the filtration of air and dims the light that is projected towards the interior, generating a space that invites relaxation and makes Moon an ideal piece for leisure or chill-out environments.

LIGHTING

LIGHT

Ref. 54279W

White internally lit unit with LED technology. Available only in matte ice white finish.

- ICE

RGBW LED DMX

Ref. 54279D

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Also controlled by DMX-1024 (wireless), enabling communication between one or more products simultaneously via the DMX transmitter (not included). There are two options to choose from: Professional XLR DMX and Home WIFI DMX. (Remote control included).
Optional battery

- ICE

RGBW LED BATTERY

Ref. 54279Y

Unit with internal lighting with battery-powered RGBW LED technology. Includes charger and remote control for switching colors and charger. Available only in matte ice white finish.

- ICE

RGBW LED DMX BATTERY

Ref. 54279DY

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Also controlled by DMX-1024 (wireless), enabling communication between one or more products simultaneously via the DMX transmitter (not included). There are two options to choose from: Professional XLR DMX and Home WIFI DMX. (Remote control included).
